Regarding the interesting paper you so kindly favored us with on the Louisburg Medals - owing to its length and the great amount of business to be transacted, it was not read at the Annual Meeting, but was duly announced and read at the paper of the evening at our following Regular Numismatic Meeting. My dear Sir

Your favor of the 24 Feby has been duly received. We shall hold our Annual Meeting on the 20th inst. In the meantime I should like to ascertain more particulars than you have given me. Where is the proposed building to be located on what floor are the rooms below etc. I think we would require either a larger room than 18 x 23 or else a small one connecting. We now occupy a room of that about this size and for which we pay $250.00 per annum. At present, what you propose does not appear advantageous. Hoping soon to hear from you I remain, Yours respectfully

My dear Sir

Your favor of the 20th inst with enclosed Report was received. The Membership Certificates were signed and left on the table, as requested. Mr Charles Boyer stated that he would like to have one.

We had a very pleasant meeting last evening, 19 members were present. The lease of our present room was renewed for another year.

I enclose herewith the Treasurers Annual Report. Is not the Cornell Donation Account omitted in the list of funds of the Society? The report of 1887 showed $5884.06 as the total amount of permanent funds, this Yr only shows $2975.87

Mr Pilling called my attention to your regarding it. Also the sale of a set of Am. Journal of Numismatics for 25.00 does not appear in the receipts — nor does the allowance of the same amount to the Library appear in the disbursements.

Please return the report soon so I can write up my minutes.

Am glad to hear that Stafford has responded — I have already in the negative from Prof. Gillman but have not heard from the other member in arrears —

Have you the address of Col. W. G. Dickinson — my postals come back to me? I return herewith letter of Franklin Burdge which I have noted. I remain

Dear Sir

At the Annual Meeting of this Society held on March 19th 1909 your resignation as a Resident Member was received and accepted.

At a Special Meeting of the Executive Committee held on April 15th 1909 it was moved and seconded that the Treasurer be authorized to refund you the $2.00 paid for Certificate of Membership. Please find Cheque for that amount herewith. There were various reasons why the engrossing and

delivery of this certificate of membership were unavoidably detained, and on which account perhaps an apology would have been due. Our Society does not desire the ill will or animosity of any one - we therefore cordially with your immediate request.

If you desired to resign formally from our Society, said resignation should have been tendered on or before Nov 30th 1908. By waiting until after that date (your letter of resignation was Feby 12-1909) you virtually owe the Society dues (in advance) for a new year. In closing would remark that the Executive Committee consider that your treatment of the Society in the solution of this certificate, was uncalled for and almost insulting. Yours respectfully

H. Russell Brown Secretary.

As per our letter of June 30th 1890 notices were sent to all members of the Society requesting information relative to medals of Christopher Columbus and this medal has been secured for the Cabinet of the Society. Dear Sir
Your two letters have both been duly received. As for your request I send you a list of our Resident Members — also a list of the Honorary and Corresponding Members of the Society. You will I trust excuse the [illegible] as I have taken some of my old lists and by correcting to date saved the trouble of copying so many names and addresses. They are complete and I trust comprehensible. Please note on Resident Members list where CITY is not stated, it is always New York City & the favor of town Resident members the addresses are quoted in full.

I will endeavor to send you a paper, but have very little time at present to devote to such matters. We publish no magazine but print our annual proceedings yearly which are free to all members of the Society — but never sold. The best magazine published in this country in the interest of Numismatics is the American Journal of Numismatics — W. G. Marvin 79 Federal St. Boston Mass — Price $2.00 per year. At the January meeting of our Society I will bring your name and that of your paper before the members of the Society and trust you will receive some exchange arrangement

Dr George F. Heath

My dear Sir

Please find herewith endosed a letter addressed to H. G. Heaton President of the American Numismatic Association. Will you kindly address same so that it will reach him.

A number of both of our Societies has written calling attention to the fact that the February Numismatist illustrates your new members medal and on which the word "Societas" appears. This would give the impression that the name of your organization was the American Numismatic Society and not Association and would naturally tend to cause much confusion between the members medals of the American Numismatic Association and ours.

Our Executive Committee therefore respectfully call attention to this fact

and suggest the correction of this word.

Trusting that this matter will meet with your hearty approval

My dear Sir

The attention of the Executive Committee of this Society has been called to an illustration of a new members medal of the American Numismatic Association in which the word "SOCIETAS" as used would indicate that you were a Society instead of an Association.

In view of which we suggest that the inscription on the medal be corrected to conform to the name of the association

Hoping that this will receive your kind consideration
